AGENDA ITEM WORDING:

Discussion of issues and potential resolutions to concerns involving the connection cost for residential and commercial properties to Key West Resort Utility.

ITEM BACKGROUND:

At its January meeting the Board heard from commercial and residential property owners on Stock Island concerning the cost of certain requirements for connection to Key West Resort Utility. The discussion started during a hearing on an ordinance to amend the connection requirements in the County's "Mandatory Connection" Ordinance and new provisions for providing a longer timeframe to pay connection fees. Staff has had an opportunity to meet internally and with Key West Resort Utility and has some suggestions about ways to resolve some, but not all, of the property owners concerns.
